No 106

THE PORT BLOCKED

Togo's Last Attempt Reported Successful

GENERAL KUROKI'S ADVANCE

Another Japanese Fleet Cruising in the Liao Gulf Ready to Land Troops

Japs Took 1000 Prisoners

Paris, May 4.—A St. Petersburg telegram says that the hospitals at Harbin have received five hundred wounded men and have received notice that considerably more may be expected. The number of prisoners taken by the Japanese is given as about one thousand.

Japan Favors the Open Door

London, May 4.—The Birmingham Post says it is learned in an official quarter that the Japanese have notified the United States and England that it is their intention to open Korea and such parts of Manchuria as come into her control to the commerce of the nations. These points will be subject merely to such restrictions as are unavoidable in time of war.

Port Arthur Blocked

London, May 4.—From four news agencies the report is confirmed that the harbor of Port Arthur has been effectively closed. Nine steamers were sunk in the harbor mouth at day break. The Tokyo correspondents of the Daily Telegraph and Daily Chronicle assert that Port Arthur is effectively worked.

Japs Claim Port Arthur is Blocked

Rome, May 4.—A telegram from Tokyo asserts that the latest Japanese attempt to block the channel to Port Arthur harbor was successful. Two large Japanese vessels now lie in the harbor entrance.

It is said news from the disabled warships are being taken ashore by the Russians and all preparations being made for a rapid evacuation of the harbor. The fact that the war fleet is in the Gulf one hundred miles north of Port Arthur is not taken as an indication of an attack on the railway between this point and Port Arthur. All the days along the coast are well fortified.

Waiting a Chance to Land

Nanchang, May 4.—Last night several vessels of the Japanese fleet reported on Monday as southeast of Kaitcheu were seen off Hungry Cheng, Saloban in Likman Chan and Vackland also report the presence of a Japanese fleet of transports, accompanied by several small cruisers and torpedo boats.

As these towns are more than forty miles apart the conclusion drawn from these reports is that a second Japanese navy is cruising in the Gulf until such time as its commanding general is ready to carry out the instructions of the dispatch boats.

This afternoon messages from Towonli conveyed news that five Japanese war vessels were six miles off the headlands and this was accepted here as a clear indication that a landing is soon to be made west of Port Arthur. The fact that the war fleet is in the Gulf one hundred miles north of Port Arthur is not taken as an indication of an attack on the railway between this point and Port Arthur. All the days along the coast are well fortified.

WAR NOTES

General Kuroki is reported to be moving in three columns, the centre being under his personal command, marching direct to Pong Wang Chung. Another column under General Ogawa is marching on Kwan Tun, and the third under General Iwano, has Su Yeu as the objective point.

At Nanatan, where the river makes its first bend to the west, the Japanese succeeded in capturing the Russians on three sides. At this place Japanese sharp fighting, at a close range, the Japanese captured 20 Russian guns with their horses, carriages and ammunition, and more than 20 officers and many men. The Russian troops at Nanatan retreated towards Wang Huan Cheng.

The Russian officers who were taken prisoners said that the effect of the Japanese artillery on Saturday and Sunday was enormous.

The Japanese General Sushulit, commander of the second Siberian army, and Major General Kishlinsky, commander of the third Siberian corps, were wounded by shells. A Russian Lieutenant colonel was killed. It is estimated that the Russian casualties amounted to over 800 captured. It is estimated that the Russian casualties amounted to over 800 captured.

On Sunday evening, General Kuroki, has telegraphed that the Imperial Prince and officers of his army are in high spirits, as are also the troops.

The correspondent of the Standard at St. Petersburg says about 2,500 Russian approached Gensan Saturday and a similar number of Japanese rushed out to repel them. Severe fighting ensued, with considerable loss on both sides.

The Japanese eventually retired into Gensan; two important Russian officers were wounded. This movement of the Russians behind the Japanese field by many military observers to indicate preconcerted action by Kuroki to draw the Japanese into a trap by enticing the forces into Wang Huan Cheng, after an apparently retreating army, while a strong force cut in front and rear simultaneously.

Others, however, maintain that Russia cannot have a strong force anywhere in eastern Korea without Japan becoming cognizant of the fact.

BALTIMORE CONFLAGRATION.

NORTHERN'S LOSS \$750,000.00

"The Head Office of the NORTHERN has cabled to settle Baltimore losses with all promptness and cable it for funds required. The United States investments and assets of the Company will not be drawn on for any part of the Baltimore losses."

C. N. R. CONSTRUCTION

WILL BEGIN AT ONCE

J. D. McArthur Announces that Work Will Start as Soon as Materials Can be Gotten Through.

(Bulletin Special Dispatch).
Winnipeg, May 4.—The first grading report sent out by the C. N. R. described the grading being general all over the system.

The contract for the grading of five hundred miles of C.N.R. extension has been let to the firm of J. D. McArthur & Co. Speaking of the immense work before him, Mr. McArthur said: "I will commence work with my men gang at Saskatoon just as soon as I can get my provisions and materials moved to the spot."

When that will be it will be hard to say as the water has not yet abated.

There will be no chance to get even provisions over for some little time yet and until they are on the ground nothing can be done on the line. One of the other gangs will commence work at the other end of the construction at Kamase as soon as possible.

THE GRADING

WILL BEGIN AT EDMONTON

Mr. McArthur Interviewed in Winnipeg Regarding the Grade

Mr. and Mrs. J. W. Shera of Fort Saskatchewan, came in on last night's train after spending a few months in the east and left for home this afternoon. Mr. Shera was laid up in a hospital at Hamilton, Ont., for some time, but is rapidly recovering health and strength.

In Winnipeg Mr. Shera called on Mr. McArthur, the contractor for the grading of the C.N.R. main line, to ascertain whether, as reported, the line would run eastward from Stratford, or would go down the north side from Edmonton to the Fort. Mr. McArthur said very definitely that the line would follow the north side of the river, crossing the river near Point La Pave. The bridge at this point he said, would be built next winter.

Mr. McArthur was already loading large grading outfit for Saskatoon and expressed his intention of pushing the work with all possible expedition.

C. P. R. Earnings for March

The gross earnings of the C. P. R. for March were \$5,522,197. The working expenses were \$2,811,348, leaving a net profit of \$2,710,849.

In March, 1904, the net profit was \$2,854,564, and for the same month ending March last the figures are as follows: Gross earnings, \$5,377,197; working expenses, \$2,593,648; net profit, \$2,783,549.

For the nine months ending March 31, 1904, there was a net profit of \$11,714,240. The decrease in net profit over the same period last year is therefore for March \$407,736, and for the nine months ending March 31, \$1,755,164.

Moderator Elected

Despite unfavorable weather there was a fairly large audience in the Presbyterian church last evening, at the service which marked the opening of the Synod. Rev. McLeod of Vancouver was the speaker.

At the close of the service the Synod met and elected Rev. A. Forbes of Ft. Saskatchewan, Moderator for the ensuing year. The morning session was fixed for 9.30, the first half hour to be given up to devotional exercises, and at 10 o'clock by the beginning of the regular work of the Synod.

RAILWAY POLICY OF OPPOSITION.

(Ottawa Correspondence.)

Such losses and persistent attempts have been, and are being, made to secure credit for the policy of active railway development by the Opposition party in Parliament, and as many widely different things have been said by various members of that party, the only way to reach a conclusion is to consider not what individual members have said but what the party as a whole has voted for.

The conclusion of the amendment moved by Mr. Borden is as follows:—

"The House is of opinion that instead of ratifying the proposed amendment contract it would be more in the public interest to initiate forthwith and develop with all speed, a system of national transportation, which shall include:

1. The immediate construction and control by the Dominion of such lines of railway in the west to the Pacific as the economic importance and the growing development of the great western country require.

2. The extension of the Intercolonial Railway to the Georgian Bay and thence to Winnipeg, and the extension and improvement in the province of Quebec and in the maritime provinces of the government system of railways.

3. The development and improvement of our canal and inland waterways, and the thorough and efficient equipment of our national ports and terminals on the Atlantic and Pacific as well as on the St. Lawrence and on the Great Lakes.

4. The thorough examination, exploration and survey of the country between Quebec and Winnipeg, with a view to the future construction of such lines of railway as may be found in the interest of the Dominion.

5. That for the purpose of accomplishing these results the government, in accordance with the policy laid down in the Order in Council of 18th March, 1892, should immediately avail itself of the best expert advice and assistance.

After a number of months of discussion, intervening between the passage of the resolutions and the second reading of the bill, E. F. Clarke of Toronto brought forth the following, which the party in the House voted for to a man:

"That the bill be not now read a second time, but that it be resolved: That the bill be intended to ratify and confirm agreements providing for the construction of a transcontinental railway system, a large portion of which is to become the property of a railway corporation to whom the remaining portion is to be leased for fifty years on terms hereinafter set out to the public."

That under the proposed agreement Canada must incur enormous obligations, both direct and by guarantee, while the obligation assumed by the other countries is comparatively small.

The House believes that before committing the country to such enormous obligations the government should first submit to the people the whole question and especially the question whether Canada should not rather assume the entire obligation and thus own and control the entire proposed line of railway from the Atlantic to the Pacific.

It will be noted in both cases that the conclusion is not to do anything now. Mr. Borden would appoint a commission to consider the transportation question in all its phases. Mr. Clarke would have put the question of building a railway at all, and secondly, if built, to be owned and controlled by the people.

The people of the North West who have looked so long and anxiously for a railway to the coast, and who have waited so long for a railway to the coast, can figure out each in his own way and to his own satisfaction, how much longer he would have to wait for a railway to the coast, and how much longer he would have to wait for a railway to the coast, and how much longer he would have to wait for a railway to the coast.

Any assurance considering either the record or promises of the Opposition party—that when action was taken it would be as satisfactory as the record of the government is now permitted to be.

TO STAMP OUT CONSUMPTION.

(Contributed.)

Any of the most thoughtful and any of the most energetic of the Dominion are among the officers and members of the Canadian Association for the Prevention of Consumption, which was organized at a meeting in Ottawa on April 20th and 21st. Every citizen who is interested in the health of his country should be interested in the health of his country.

The report of the Executive Committee of the association shows that the operations of the association have been successful in drawing attention to the consumption of alcohol and in securing a desire to stamp out consumption.

LOCAL

—Friday, the 13th inst., is Arbor Day.

—The close season for ducks and kindred game birds began today.

—A human came up from Wetaskiwin last night. He requires starting a second paper in Wetaskiwin.

—Mr. H. H. Drayton has purchased the Uncle Sam boarding house on Fraser avenue, and has requested it under the name of the White Star boarding house.

—A meeting was held in the Methodist church last evening to form a male choir to provide music for a special men's service to be held in the church on Sunday evening, the 22nd instant.

—Herald: The number of homestead entries for April reached the enormous total of 34. This is the largest on record for Calgary. The month before being larger than any other office. Calgary is evidently having its share of settlers, at least in the north.

—Calgary Herald: Summonses were sent from Regina yesterday and served on F. H. Forest, manager of the Union Bank, and W. H. and Mrs. H. H. Forest. These summonses ask them to appear at Regina Thursday to give evidence in the mail robbery case.

—Lethbridge News: South Alberta Land & Colonization Co., Ltd., the organization of which was noted last week, has purchased the east half of Township 11, Range 25, from the C. T. R. land department, and has sold the west half of the township to Mr. McLean, of Sacramento, who will in the course of a few weeks have a steam plow at work, and will put the greater portion of the land into fall wheat this year.

—A Montreal dispatch says: "It is understood that E. H. McHenry who has resigned as chief engineer of the Canadian Pacific, will become engineer of the Grand Trunk Pacific. The announcement of Mr. McHenry's resignation was published yesterday, and it was ascribed to ill health. It is expected that Assistant Chief Engineer Tye will succeed McHenry as chief of the Canadian Pacific."

—The annual meeting of the Baptist church was held last evening. The attendance was not large, but representative. Reports were received covering the various branches of the church's work, and indicated that the church is in a healthy condition and making rapid progress. A number of new members were received. The offerings of last year were almost double those of the preceding year.

—Regina Daily Standard: Mr. Norman MacKenzie returned from Saskatoon on Saturday. He and three others left Saskatoon on Wednesday and report an exceedingly hard trip. A considerable distance had to be walked. They, with some 50 others, spent two weeks in Saskatoon, but having grown weary in waiting, decided to reach Regina no matter what hardships had to be undergone. Mr. MacKenzie thinks the railway authorities are doing their best to facilitate matters but are working against great odds.

—Lethbridge News: At the special meeting of the town council on Monday a report was received from the street chairman in reference to substitution of electricity for steam power in the waterworks. Mr. Chipman estimated the saving in cost of installation at \$6,000, in working expenses about \$1,000 yearly, and recommended its adoption, provided the five underwriters took no exception to the suggestion. A reply from the underwriters is now awaited, and tenders for boilers and pumps are being held over pending reply and final report from Engineer.

—London, Eng., April 25.—The Al-Bayr, Bavarian sailed yesterday, escorted from 30 into alarm with emigrants for Western Canada. Dr. Young, Bishop of Athabasca, addressed the emigrants and said that while he was very anxious to avoid anything like sectarian or special religious views in his remarks, he wished all to understand that whatever denomination they belonged to, a representative of their denomination would meet them and see to their welfare. Failing their own religious institutions, the Church of England in Canada would be always ready to tend its assistance.

—Regina Standard: Those who were at the C. P. R. depot last evening were somewhat startled to see a

Temporary Quarters—

Opposite Post Office.

A large number of people walking down the track from the north. Someone suggested that Coxey's army was advancing on the city, but closer investigation revealed the fact that a party had arrived from the north. Mr. McMillan, who represents an eastern firm, was seen by our reporter and from the few remarks made by him it was learned that a very hard time was experienced in getting from the north. They rode on the train, walked, and were driven for some distance. Lumsden was reached. Here they were brought across the valley in boats and then to Regina by a work train.

—According to Winnipeg papers, Edmund Jones, a young Englishman, who returned to Winnipeg recently from Edmonton, brought with him the skin of an animal for which he has been unable to find a name or classification. He has submitted it to several taxidermists and fur buyers, none of whom have been able to classify it definitely. The animal in question is about the size of a large fox, but is much heavier in the body and limbs. On the back the fur slightly resembles that of the silver fox, but is darker and heavier. The sides and belly are a dirty gray, the nose, ears and feet are jet black. The tail is very similar to a fox but the great point of difference is in the nose, which is a very short and more of the style of a cat. The claws are similar to those of a wolf. He has been offered a good price for the skin, but so far has refused to part with it. The animal was killed in the scrub to the northwest of Edmonton.

PERSONAL

W. H. Cushing came up from Calgary last night.

R. A. Johnson returned from Calgary on Tuesday.

E. Sibbald, of the H. B. Co.'s staff left this afternoon for Fort McMurray. He will be away all summer.

License Inspector Cooper left this morning for the south. He will be absent about a week.

RIFLE CLUB MEET

The annual meeting of the Rifle Association was held in the office of McDonald & Greenbach on Wednesday evening. There was a fairly good turnout.

The annual report showed the Association to be in good financial condition. Last year there were about 50 members, and about \$100 was brought forward to the present season.

The question of a range was discussed and it was reported that the McDougall property across the river below the bridge could probably be secured for the purpose. Negotiations for the securing of this property are now under way and should they be successful the club will put the new range in shape forthwith.

It was decided to join the Canadian Military Rifle League matches to be held here during June and July and the scores sent in to Ottawa in competition with the scores from other points.

The officers elected were:-
Capt. H. B. Spratt.
1st Lieut. W. A. Greenbach.
2nd Lieut. A. Cameron.
Sec. Treas. G. A. Reid.
Auditor Dr. D. Whitehead.
Comm. Lieut. G. H. Gwynne, P. McNaughton, J. E. Forbes.

FAIRVIEW NORTH EDMONTON

Why

Pay \$600 for a town lot when you can get an acre lot for \$200 or payment of \$25 down and easy terms for balance.

Why

Live in Cramped Space when you can have a large garden and plenty of room

Why

Pay City Taxes when you need only pay Country Taxes?

Fancy Groceries

We wish to emphasize the fact that our stock of strictly high grade Groceries includes everything the house-keeper could wish for--Teas and Coffees, Pickles and Relishes, Canned Goods of the choicest Brands in Fruits, Vegetables, Meats, Fish, etc., at very best prices.

Boots and Shoes

Our Boot and Shoe Department is now complete and we have a full range of everything required in footwear.

We have several lines of Men's and Gents' Boots that were purchased at a low price. We bought our regular spring stock at a low price, but the styles were so dressy and the values so good we could not afford to be without them.

Call and see our values.

In Hardware WE LEAD

There is no Firm in this Great West that carries so complete an assortment of up-to-date Hardware. Just now we wish to call your attention to

Garden Tools

Are you going to make a garden? If so, buy your tools from us and then you can work with a greater amount of satisfaction.

Are you going to house clean or paint? We have everything you will require. Wall finishes in every shade. Paints, all colors, ready mixed for the brush, with a large variety of brushes suited to every class of Painting or Kalsomining. Any man, woman or boy can do a nice job of painting with our paints, as the colors are all true to sample and thoroughly mixed.

A large consignment of Bluestone just received.
